Who is Holedo For?

Holedo is for Companies that want the right people in the right roles, without getting tangled up in tech. It's for businesses that care about people, service, and results—not systems.

For employers that:

- Want to stand out to people, access a wider pool of talent, and reduce turnover across the board.

- Value efficiency, speed, and simplicity.

- Want to maximize value—spend less, achieve more, and make your business a magnet for talent and success.

- Want to cut external spend on recruitment.

What is Holedo?

1) A Total Package

- Think of it as the ultimate operating system for the hospitality industry.

2) All-in-One Magic

- Imagine blending. . .

  recruitment,
  collaboration, communication, and
  management

  . . . into one.

3) Super Flexible Design

- It plays nice with other systems and welcomes new apps with open arms, offering endless possibilities.

Why Holedo?

1) **The Only One-stop Shop**

   - Holedo does it all—recruitment, talent management, collaboration, communication, and more on the way. Forget juggling apps and tools—this one covers everything.

2) **One Tool to Replace Them All**

   - Holedo doesn't just swap out those legacy systems still being deployed today—it clears out the whole mess. We built it to support your entire business without cutting corners.

3) **Future-Ready and Always Improving**

   - Holedo is constantly evolving. We're rolling out updates, tweaking, and pushing the platform forward to stay ahead—whether it's AI or tech you didn't see coming. The roadmap ahead is extensive, and we're just getting started.

4) **Crafted with the Best in the Business**

   - We teamed up with management and HR teams at leading hotels across three continents, on-site in focused workshops, to discover together what's truly important and effective, and to build something that solves real problems for those who run hotels every day.

Key Benefits

1) **Rip the Cost Out of Your HR-Tech Spend**

   - Holedo slashes the direct and indirect costs tied to expensive legacy systems and all those extra tools you've been forced to use—because Holedo does it all. Plus, you can pass those savings along in your management contracts.

2) **Flexible and Unconstrained**

   - Holedo adapts to any business size—whether you're a small operation or running large-scale corporations across multiple brands and regions. It's simple when you need it, powerful when you want it.

3) **Works the Way You Need It**

   - Holedo fits right into your operations and evolves with you. No more wrestling with tools that need lots of work.

4) **No Fuss**

   - An easy-to-use interface gets you productive instantly with minimal effort.

5) **Keeps Your Team Productive**

   - Holedo takes the hassle out of tech, so your team can focus on what really counts—getting the job done.

For Businesses

1) **Get Up and Running Fast**

   - Provide basic details, and you're set!

2) **Effortless Job Portal Setup**

   - Get a jobsite or corporate job portal with just a bit of HTML code—no programming skills required. Simply insert the code, and your job board is live. Customize it any way you want with easy point-and-click options.

3) **Manage Applicants Like a Pro**

   - Holedo equips you with a powerful application tracking system and the same recruitment tools used by top headhunters and executive search firms. Plus, you don't need to leave the platform for communication—manage everything, including collaboration with stakeholders, all in one place.

For Individual Users

1) **Quick and Easy Sign-Up**

   • Complete the registration process in no time.

2) **Polish Your Profile**

   • Showcase your talents and background effectively.

3) **Dive into Job Hunting**
